BONNIER, GERT, The separation of chromosomes in triploids 62
BONNIER, G., NORDENSKIÖLD, M. and BÅGMAN, G., Exaggeration of Bar in *Drosophila melanogaster* 113
ELVERS, I., Cellulose acetate as a mounting medium for acetic smears 87
FEDERLEY, HARRY, Zytogenetische Untersuchungen an Mischlingen der Gattung *Dicranura* B. (Lepidoptera) 205
GRANHALL, INGVAR, Genetical and physiological studies in interspecific wheat crosses 269
HÅKANSSON, ARTUR, Die Entwicklung des Embryosacks und die Befruchtung bei *Poa alpina*. (With a Summary in English.) 25
—, An interspecific translocation causing changed segregation ratios 141
—, Meiosis in a nullisomic and in an asyndetic *Godetia Whitneyi* 179
—, Meiosis in a hybrid with one set of large and one set of small chromosomes 461
KEMP, TAGE, Polymerism in morbid inheritance. Experimental investigations on a multi-factor hereditary disease in mice 76
LEVAN, ALBERT, The pigment content of polyploid plants 255
LEVAN, ALBERT and SANDWALL, C. G., Quantitative investigations on the reaction of yeast to certain biologically active substances 164
LEVAN, ALBERT and ÖSTERGREN, GUNNAR, The mechanism of c-mitotic action. Observations on the naphthalene series 381
LÖVE, ASKELL and LÖVE, DORIS, The significance of differences in the distribution of diploids and polyploids 145
MÜNTZING, ARNE, Aneuploidy and seed shrivelling in tetraploid rye 65
—, Genetical effects of duplicated fragment chromosomes in rye 91
—, Characteristics of two haploid twins in *Dactylis glomerata* 134
MÜNTZING, A. and G., Spontaneous changes in chromosome number in apomictic *Potentilla collina* 451
PRAKKEN, R., Studies of asynapsis in rye 475
WICKBOM, TORSTEN, Cytological studies on the family Cyprinodontidae 1
ÖSTERGREN, GUNNAR, Elastic chromosome repulsions 444

ABSTRACTS — KURZE MITTEILUNGEN.

BÖCHER, TYGE W., Polyploidy in the genus *Koeleria* 499
BÖÖK, J. A., Low temperature and cleavage in *Triton taeniatus* 195
HEILBORN, O., Inversions in *Paris quadrifolia* 498
LAMM, ROBERT, Notes on an octaploid *Solanum punæ* plant 193
